

**AMENDMENTS TO THE SPECIFICATION:**

Please amend the specification as follows:

At page 1, please amend the paragraph beginning at line 3 and ending at line 7 to read as follows:

The invention relates to ~~a tube as described in the initial section of claim 1.~~  
~~Furthermore the invention relates to the tube according to claim 1 in combination with a~~  
~~container with a built-in pump as described in the initial section of claim 10.~~ a tube for  
use with a container with a built-in pump, the tube comprising an internal cross section  
for flow of a liquid; an external cross section larger than the internal cross section; a first  
end with a first opening for intake of the liquid, the first end comprising a fastening  
means for fastening of the tube to the container; and a second end with an opening part  
which includes a second opening for discharge of the liquid.

At page 2. please delete the paragraph beginning at line 18 and ending at line 19.
